Dear Arman Grewal,

Cloud Native Computing Foundation (CNCF) is pleased that you were able to attend KubeDay India 2023, which took place December 8, 2023, at the Sheraton Grand Whitefield in Bengaluru, India.

CNCF (<https://www.cncf.io/>) builds sustainable ecosystems and fosters a community around a constellation of high-quality projects that orchestrate containers as part of a microservices architecture. CNCF serves as the vendor-neutral home for many of the fastest-growing projects on GitHub, including Kubernetes, Prometheus and Envoy, fostering collaboration between the industry's top developers, end users, and vendors.

On behalf of CNCF, we are glad you were able to join us.

Yours truly,
